1

## **Workshop 1 - Hear Their Voice** Creating Space for Young People

In this workshop, we will uncover the barriers to creating safe spaces for children and learn strategies to overcome them. Through engaging scenario-based activities, you will develop the skills to create environments where children feel valued and heard.

2

## **Workshop 2 - Voices Heard** Amplifying Youth in Decision-Making

In this workshop, we will explore the importance of hearing and articulating children's voices, and how these voices can influence adult perspectives and inform policies. You will develop skills to support children's expressive abilities to ensure their voices are impactful.

3

## **Workshop 3 - Echo to Action** Engaging Audiences for Youth Advocacy

In this workshop, we will dive into modern approaches and interactive tools for understanding different perspectives and audiences. You will develop effective communication strategies to bridge the gap between children, their families, and professionals.

4

## **Workshop 4 - From Words to Action** Maximising Influence

In this workshop, we will examine how children's views can be translated into tangible outcomes and action plans. Through problem-solving exercises, you will develop frameworks to incorporate children's rights into your professional practice.

**In partnership with young people, delegates will:**

- **Strengthen their ability** to engage and empower young people
- **Enhance their skills and make a meaningful impact** on youth engagement efforts within your organisation
- Learn to **navigate cultural blockers** and drive substantial change
- Learn how to **apply frameworks** that ensure a youth-centric approach in professional settings

## *Workshop series delivered by...*
